Young adults in their 20s and 30s of any state in life —
single, married, college students — all are welcome!

In addition to giving the participant time to discern God's will through prayer and exposure to the Church's gift of Ignatian Spirituality, the retreatant will learn how to engage discernment. This is helpful for those discerning work, relationships, marriage, priesthood, or religious life. Newbies to discernment are strongly encouraged to attend. **There is immeasurable joy when you know you are doing God's will.**

Retreat Director

Father Delacy

Fr. Delacy first learned how to discern as a result of a Call from God to enter the seminary. He further honed this skill in the spirituality year program at St. Charles Borromeo Seminary. As a priest, Fr. Delacy has learned how to help others discern God's will, and hopes to help you do the same. He is currently the Vicar for Faith Formation with Youth and Young Adults for the Archdiocese of Philadelphia.
